* Severely distressed neighborhoods are defined here as census tracts with at least three of the four following characteristics:

1. High poverty rate (27.4 percent or more);
2. High percentage of female-headed families (37.1 percent or more);
3. High percentage of high school dropouts (23.0 percent or more); and
4. High percentage of working-age males unattached to the labor force (34.0 percent or more).
