# history

*The foundation's work is grounded in the legacy established by the two endowments from which it was formed. Founded more than four decades apart, the Howard Heinz Endowment and the Vira I. Heinz Endowment were each the product of a family commitment to community that began with H. J. Heinz and continues to this day.*

## **Howard Heinz 1877–1941**

Howard Heinz, the son of Henry John and Sarah Young Heinz, was born near Sharpsburg, a suburb of Pittsburgh, on Aug. 27, 1877. After graduating from Shady Side Academy and Yale University, he began working full time for the H. J. Heinz Co. in 1900, serving as advertising manager, sales manager, vice president and eventually president.

Long before creating the endowment that would lead to large-scale philanthropy, Mr. Heinz was actively engaged in personal charitable and civic improvement efforts. He took a special interest in programs that would better the lives of young people. As a young college graduate, he established Covode House, a clubhouse for boys, near the Heinz plant. He also served as an active director of Sarah Heinz House, a larger development club for boys and girls on Pittsburgh's North Side that continues to thrive. As president of one of the world's most recognized businesses, he was one of the founders of the Community Fund, one of the early efforts to create organized community-based philanthropy in the United States. He also was a director or fundraising chairman for dozens of national organizations and campaigns, including service as a trustee of the Carnegie Endowment for International Peace.

Despite frequently being tapped by governors and presidents to lead various projects, Mr. Heinz made time for city and regional concerns. All his professional life, he served on the boards of important community institutions. He was a director or trustee of the Pennsylvania Railroad; Mellon Bank, N.A.; National Industrial Conference Board; Pittsburgh Regional Planning Association; Pittsburgh Chamber of Commerce; University of Pittsburgh; Carnegie Institute; Shady Side Academy; Western Pennsylvania Hospital; and the Pittsburgh Symphony Society. He also served as a ruling elder of Shadyside Presbyterian Church.

Mr. Heinz was a leader in the creation of Heinz Chapel on the University of Pittsburgh campus as a memorial to his parents. The church serves as a spiritual resource for university students but also is considered one of the country's architectural gems.

Mr. Heinz died on Feb. 9, 1941. He bequeathed his residual estate to the Howard Heinz Endowment for philanthropic purposes.

## **Vira I. Heinz 1888–1983**

In a city known for its active and concerned civic leaders, Vira I. Heinz was among the foremost. She was born Vira M. Ingham in what is now Pittsburgh's Brighton Heights neighborhood. In 1932, she married Clifford S. Heinz, son of Henry J. Heinz, founder of the food processing company. Clifford Heinz died in 1935.

During the next five decades, Mrs. Heinz was actively engaged in the philanthropic and civic work for which she is now remembered. She did so much for so many that it would be impossible to list the full range of her activities. A few of the more prominent included serving as vice president of the World Council of Christian Education and becoming an active supporter of its work in Africa. She was a founder of the Civic Light Opera, president and principal benefactor of the Pittsburgh Youth Symphony, and on the boards of the Pittsburgh Chamber Music Society, Pittsburgh Opera and Pittsburgh Symphony Society.

Mrs. Heinz received the Chancellor's Medal from the University of Pittsburgh and honorary degrees from 11 colleges and universities. She was a trustee of Chatham College and the first woman trustee of Carnegie Mellon University. She served as a member of the board of Children's Hospital of Pittsburgh and was an honorary fellow of the American College of Hospital Administrators. As a member of the H. J. Heinz Co. board of directors, she was the first woman board member of a multinational corporation headquartered in Pittsburgh.

In the spirit of generosity that characterized her life, Mrs. Heinz provided in her will for the establishment of a charitable foundation.

## Statement on Diversity

The Heinz Endowments values diversity in its many forms. We believe that the future of our community depends on its ability to attract and retain an increasingly diverse population. As a foundation working to advance the common good in this community and in our broader society, we have a responsibility to embrace a commitment to inclusiveness as a fundamental operating principle. Therefore, through our grant making and business activities, we seek to promote inclusive practices that broaden the range of perspectives, opinions and experiences available to our grantees, our partners and ourselves.

Consistent with this philosophy, the Endowments is an equal opportunity employer. Ability and performance are the primary criteria for success at the foundation. Candidates for employment are considered on the basis of job qualifications without regard to race, religion, color, gender, age, national origin, sexual orientation or disability. Promotions and advancement opportunities are also based on the employee's actual performance, not on any of the above characteristics. Specific responsibility for enforcing this policy has been assigned to the president of the foundation.
